Sir:

In response to the Notice of Incomplete Nonprovisional Application mailed on January 24, 2001, Applicants respectfully submit that a complete specification including at least one claim as prescribed by 35 U.S.C. §112 was properly submitted in the application at the time of filing on November 1, 1999. As proof that the application was properly filed, Applicants attach a complete copy of the prosecution history which was obtained on or about August 7, 2000. The complete copy shows that the application included 15 pages with pages 13 and 14 including claims 1-11.

While the application was filed without fees and without a signed Declaration, it was nonetheless a complete application in other respects and entitled to a filing date of November 1, 1999.

Together with this Petition, Applicants are submitting a Submission of Missing Parts which includes both the filing fee and a signed Declaration of the inventors. Thus, it is

now believed that the application is complete and it is requested that normal prosecution be commenced.

Applicant does not believe that any fee is necessary since the Notice was mailed in error by the Patent Office. If any fee is required, the Patent Office is authorized to charge deposit account no. 20-1430.

If there are any questions concerning this application, telephone calls can be made to the undersigned at 650-617-9112.

Respectfully submitted,
